

**VOLUNTARY REMEDIATION PROGRAM
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

PROJECT SUMMARY

Site name: Norfolk & Southern- Widner Parcel
Applicant Name: Norfolk & Southern Railway Co.
Site location: NE Corner of Illinois & Monroe St.'s
Delphi, Carroll Co.
VRP Site No.: 6970707
Project Manager: Chris Bauer
Date received: 7/23/97
Date completed: 4/3/02
Contaminant(s): BTEX, PNAs, and Lead
Media cleaned up: Surface and Subsurface Soils
Cleanup Objectives Achieved: 1996 VRP Tier II Residential
Deed/Land use restrictions: Not Applicable

Project Summary: The Widner Parcel is approximately 0.5 acres in area and is located at the northeast corner of the intersection of Illinois and Monroe Streets. Former tenants used the Site as an auto salvage yard and an auto repair shop. The Site is located across West Monroe Street from the Bulk Petroleum Parcel, another property that is owned by the Norfolk & Southern Railway Company. Remedial actions consisted of excavating the impacted surface soils to a depth of 2 feet across the Site, and at two small areas, to a depth of 4 feet to remove soil in which lead levels exceeded the Residential Cleanup Goal. Confirmatory sampling indicated that all BTEX, select PNA, and lead levels were below the cleanup goals.
